

Plot No COM 3, Shop No G-42, Corniche Residence Block 02, Clifton Near Bilawal Churangi, Karachi UAN: 051 111 000 432, 03 111 000 432

Airline: **CA - Air China**

MRN/PIN: **E-7-73260/2203-01-144440**

Flight No.: **CA946**

Mr. **NI ZHIN**

CNIC/PP: **EH39**

Age/Gender: **44 yr(s) / M**

Booking Ref.No.: **CL 96**

CNIC/PP No: **EH39**

Flight Date: **29-Mar-2022**

Ref.By: **China Consulate Karachi**

Airport: **KHI - Karachi Jinnah International Airport**

Ref.No: **TONLY**

FOR PASSENGERS TRAVELLING TO THE PEOPLE'S REPUBLIC OF CHINA ONLY

Sample Receiving Date: **29-Mar-2022 9:13AM**

Final Report

Report Date: **29-Mar-2022 1:01PM**

Test Name

Results

Reference Ranges

PCR

Corona Virus RT RNA PCR

Negative

Targets: Orf1 & N gene

Methodology: **Realtime PCR**

Kit Name: **Zybio**

29-March-2022_COVPCR: Batch F [SMHS], 31

- The test has been performed by USFDA approved and CE marked triple gene detection kit. The kit detects mutant strains reported recently and results are not affected by the mutations in the virus.
- The negative result must be interpreted along with clinical observations, patient's history and epidemiological information. A single result might not exclude possibility of corona virus infection; repeat test might be required between 24-48 hours if symptoms persist. The patient should consider himself/herself as suspected case for corona virus and should remain under self quarantine and maintain social distancing.
- In case of positive result, it is strongly advised that the patient should stay at home under self quarantine and maintain social distancing. Additional tests required for timely decision of treatment are Blood CP with absolute lymphocyte count, Serum Ferritin, LDH, D. Dimer, CPK, Troponins, CRP and X. Ray chest PA view.
- A positive result after some time interval/ landing in other country against a negative initial result by IDC can be due to post sample exposure to Covid-19 and IDC does not bear responsibility of this.
- COVID -19 PCR Testing has globally accepted technology and technique related limitations of false negative and positive results. We try to keep that to lowest permissible levels by using best three targets FDA approved & CE marked kits. Moreover time of sample taken and viral load are unavoidable variables.
- Passengers are responsible to fulfill destination related documents including fitness certificates, letters etc. IDC will not be responsible if passengers do not fulfill such protocol before travelling abroad.
